

Baby BOOMER! V1.0  
Backofficeshow.com

Congratulations on bringing the BOOM! 21x18mm of pure loveliness!

Don't panic, it is not complicated, just hook up your Baby BOOMER! as follows:

Serving Suggestion – fancy a tiny amp for checking the audio output of your gadgets or even a headphone amp (be careful you don't deafen yourself!) then this could work for you. Uses a little lithium cell:
